Newsletter #4

Work in Progress...

The project "COMM.ON HERITAGE. Community Manager for Inclusive Development of Vulnerable Areas based On Heritage" is proceeding normally despite the difficulties created by the restrictions due to Covid-19. The Final Transnational Meeting took place in Italy on April, while the creation of the Toolkit and the Common Platform is almost finalized.

During the last weeks of the project all partners' work was focused on finalizing the dissemination activities and the last details of IO3 and IO4.

Final Transnational Project Meeting in Italy

During 6th-8th April 2022, the Final Transnational Project Meeting community manager for Inclusive Development of Vulnerable Areas based on heritage, was held in Reggio Emilia, Italy.

On first day of the project meeting, partners met with Mr. Fulvio Bucci and Mrs. Marta Andrei, community managers of the area who shared their experiences on community management. They discussed on the final results of the project outputs and decided about the last details.

Partners had the opportunity to visit Castelnovo ne 'Monti and meet 2 community managers who presented them local experiences and best practices of the local area. Of course, they visit a local association "Latteria sociale di Carnola" and had the opportunity to see how the most famous local product "Parmesan Cheese" is produced, and later they had a guided tour from professional guide of the area at "Pietra di Bismantova" .

The Final Transnational Meeting was a great opportunity to deepen national experiences and meet local stakeholders.

COMM.ON Method

During the last months, partners established the Comm.On Method. A method which will help, everyone interested, to explore new opportunities in their area in an innovative way by including cultural heritage, community-led stories and engaging residents and vulnerable groups in the participation process.

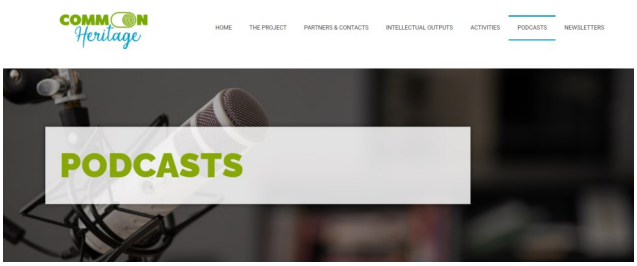
For more details you van visit the platform:

https://common-heritage.eu/comm-on-method/

Innovating Common Heritage Toolkit

The toolkit contains Strategic Heritage-inspired Planning Canvas, designed for each specific phase of the process, and the framework of "Period Table of Proposals", aimed at evaluating and prioritizing very diverse projects, highlighting logical connection between them and showing peope how small ideas can contribute to big change. It will be one of the tools that the Community manager can use to activate the community in order to create heritage-based development opportunities, especially when the emphasis is on innovation and sustainable development and inclusive participatory process.

More Podcasts . .



It's no secret that we're big fans of our podcasts and our different types of content.

During the last month we had one more interview with Nina Pece Grilc from Idrija. Take a look at the amazing interview and guest we've had on the show...
